Education

- **St. Xavier's Matriculation Higher Secondary school** 2015
10th Std
93%
- **St. Xavier's Matriculation Higher Secondary school** 2018
12th Std
93%
- **Anna University Regional Campus, Tirunelveli** 2022
B.E. Computer Science and Engineering
8 CGPA

Projects

- **Attendance Management System (App Development)**
Description:
This application makes the process of taking attendance very simple with its unique features along with an option to generate reports.
Tech Used:
It was developed using the Java programming language with the help of Android Studio.
Features:
I have used the MVC model in this project. It includes an option to generate reports. It contains admin module and teacher module.
- **Event Management System (Web Development)**
Description:
This web development project includes various sections that are vital for managing an event on the college campus.
Tech Used:
We have used HTML, CSS, Javascript, and Bootstrap for the frontend part, and PHP along with a MySQL database for the backend, or server-side work.
Features:
It includes a list of events conducted, participant details, an announcement section, and a contact us section, admin login, and student login, and a chat bot to help the participants with any issues they are facing. It has Google Translate support.

Skills

- Java
- Python
- Web Development
- Android Development
- Database: MySQL, Oracle
- Networking

Tools

- Android Studio
- Github
- Visual Studio Code
- Eclipse
- Firebase

Areas Of Interest

- Ethical Hacking
- Machine Learning
- Web Development
- Android Development

Achievements & Awards

- I have performed well in a hackathon conducted by Anna University's Guindy campus named Abacus and secured a place in the top 10 teams
- Innovation Council member in college

Languages

- Tamil (Fluent)
- English (Professional)

Workshops

- I have participated in a two-day workshop on machine learning conducted by the National Engineering College Kovilpatti. This workshop helped improve my knowledge about Python libraries and some popular machine learning models

Soft Skills

- Problem-solving
- Team work
- Time management
- Leadership
- Communication

Certifications

- Developer Virtual Experience Program by Accenture
- AI Virtual Experience Program by Cognizant
- Android App Development Using Kotlin
- Artificial Intelligence Training Using Python
- Corporate Telephone Etiquette by TCS ION
- Effective Email Writing by TCS ION
- Make Impact Presentations by TCS ION
